

Drawing in Stairs on the Floor Plan:

1. Mark off the space the stairs will take up on EACH floor. They must be in the exact same spot on each level.
2. Mark the TOP with a T and the BOTTOM with a B.
3. You must allow an extra 4 feet at the top and bottom of the stairs so that you can get on and off the stairs.

Dimensions:

Stair L-Shape: 11'-5" x 7'-10"

Stair Straight: 13'-9" x 3'-11"

Stair TwoLandings: 12'-9" x 8'-10"

Stair U-Shape: 9'-10" x 7'-2"

Stair Spiral Wood: 11'-8"

Stair Spiral: 5'-10"
